

## **We Are Flying to Nairobi Kenya 2023**

### **About the Expo**

Propak East Africa is the largest trade show in East Africa dedicated to packaging, printing, food processing, and plastics, providing a one-stop shop for manufacturers, suppliers, and end users alike.

Reaching over 5,500 highly engaged professionals working in one of Africa's biggest economies. Strengthen the presence in East Africa, find distributors, or establish relationships with key industry buyers.

### **Our Presence at the show**

Our bond with the show is quite old as we are participating at Propak for 3rd consecutive time. This time our panel of experts would be showcasing best of our sieving & filtering solutions at Stand C10

You can walk straight away at Stand C10 in to discuss your all quires regarding industrial sieving & filtering. Not only our experts will solve your quires, but they will also suggest you the best suitable solution as per your requirements.
